Subject: **APPLYING FOR STUDY PERMIT (Canada)**

Dear Visa Officer,

My son, Shayan Bakhshi, has recently been admitted to French Immersion K-12 Academic Program at Maple Creek Public School, under York Region District School Board this September. In this regard, I am applying to get a study permit for him.

During his studies, I will confide him to his aunt, my sister Sanaz Manteghi, who is a resident of Ontario, Canada and who has accepted the custodianship of my son during his stay in Canada. In this regard, I am also asking a temporary stay visitor visa so that I could take my son to Canada and make sure that he is settled in his aunt's house. I will then return to my husband in December.

I have also attached all related documents in the following, including Shayan and his father's identity Certificates, and his educational documents.

I will appreciate it if you grant my son a study permit so that he could pursue his dreams and let me bring him to his aunt by granting me a temporary visitor visa as he has never been on his own in a flight before.

Thank you in advance for the time you put in reading my son's case.

Yours Faithfully,

**Somayeh Manteghi (Shayan Bakhshi's mother),**

**Parent of a Student Visa Applicant**

## 1. Study plan:

Ever since I remember, my son has always been very keen on studying. In fact, he is way ahead of his classmates at school. When he started elementary school, he was reading simplified versions of *Kelileh and Demneh* and he already knew the alphabet. When his classmates were studying numbers, he was already doing arithmetic operations in order to solve more complex mathematic questions. His interest in studying foreign languages started when his classmates at school were pronouncing words in English and he could not understand them. Since then, he has been studying English at Kish Institute and he has usually been the youngest student in all his classes.

According to the Iranian educational system, Shayan has just graduated from primary school and should start his secondary studies soon. In fact, Secondary Studies in Iran play a key role in preparing children for higher education as they found the basics of their Academic education during their secondary studies.

In order to find an appropriate school for my child, I have closely observed many Secondary educational centers in Iran, but unfortunately, the majority of Iranian Secondary Schools were either unsafe or lacked quality education.

However, after thorough investigation, I have finally found Ecole Française de Téhéran, a High quality International School, supervised by the Embassy of France in Tehran, which, apart from offering specialized curriculums for talented students, provides high-quality education, using the latest didactic methodologies. In fact, in grace of its quality education, graduates from this school have the highest chance of admission from Public Universities compared with other schools. Therefore, I believe that my son would have better chances of success in his future life if he studied at this educational center.

Having said that, it is not easy to be admitted at this school as the entrance exam is quite competitive and Shayan currently lacks the French language proficiency threshold the school requires for its admission (the letter of refusal is [here](#)).

Shayan has already started studying French for quite some time now, but unfortunately, language programs offered here are not quite as effective due to lack of native teachers and outdated study materials. In fact, French language acquisition here is too slow to prepare Shayan for linguistic requirements at Ecole Francaise de Teheran and unfortunately, in 2 years, he will disqualify for this school due to its age-limit policies.

In order to reinforce my child's level of French in a short notice, we thought about enlisting him in *French Immersion programs* offered in Ontario, Canada. In this regard, after consulting educational advisors at York Region District School Board, which is renowned for its French Immersion Program, Shayan got admitted to join in French Immersion Academic K12 Program at Maple Creek Public School. The fact that students in this system study 50% of their courses in French, including French as a second language, is a unique experience, which has the potentials to flourish Shayan's French proficiency. In other words, I believe that if my son undertakes French Immersion program, he will be competent enough to take any French Exam in Iran, and accordingly could benefit from many top educational opportunities, including studying at Ecole Francaise de Teheran.

Another advantage of studying in Canada for Shayan is the presence of my sister in Ontario. She has a very good relationship with my son, and she has already accepted his custodianship during his studies in Canada. The fact that my son is going to stay with his aunt is mind comforting for us as parents.

My sister has also promised me to return my son back at the end of his studies. Otherwise, he would lose his excellent opportunity to continue his education at Ecole Francaise de Teheran as he will exceed the age limit for this school if he does not register next year.

In addition to that, from a financial standpoint, Shayan has no reason to stay, as we have provided some properties, lands, and valuables for him in Iran, which will all be passed on to him as our only child and I am sure that he could have a comfortable life for the remaining days of his life in his home country (title deeds are uploaded in the proof of means of financial support and Shayan's mother client information files).

In addition to that, from a sentimental perspective, Shayan has no reason to overstay his visa. As our only child, he is deeply attached to us. We have always lived together and the only reason why we have accepted to send him away temporarily is to witness him flourish and move towards his goals. Therefore, I hereby certify that, once this purpose is fulfilled, our child will certainly come back and reunite with us.

About Shayan's expenses in Canada, his father has already paid his tuition fees in full. Furthermore, apart from regular allowances which he will continue receiving from his father, his aunt, as his custodian, would tend to all his needs during his stay in Canada. Therefore, I think he is more than covered in this regard.

**Sujet : M. Shayan Bakhshi**

**Cher Monsieur/Madame,**

Nous avons bien reçu la candidature de votre fils, **M. Shayan Bakhshi**, pour le niveau 7 à l'Ecole Française de Téhéran à l'entrée scolaire 2022-2023 et nous vous remercions beaucoup pour votre intérêt à notre institution.
